

Our Pool & Recreation Area

We are receiving guidance from the City of Memphis as well as our lawyers about how best to proceed with opening the pool. We are working on and spending a lot of time trying to determine how to keep people safe and protect the HOA legally.

We do not have a date for opening and the pool will most likely not be open until the city enters into phase 3 of the reopening of business is in place. This could delay the opening of the pool until next spring.

Please check this site for timely updates.
